

Vanilla Conditioning Shampoo (2 in 1 formula)

Article No. 03329 (360 mL/12 fl. oz.)

Designed to cleanse and condition the hair and maintain a healthy scalp, this two-in-one formula features a built-in conditioner to clean, detangle and moisturize.

Orange flower water, oak bark, Roman chamomile and sandalwood make this a unique herbal formula that's loaded with benefits. Even Watkins Vanilla contributes more than just a fragrance. This two-in-one conditioning shampoo is not only the best we've ever made; it just may be the best ever!

- Gentle cleansing action is mild enough for even the most problematic hair.
- Built-in conditioner effectively detangles and moisturizes.
- Perfect for people who don't have time for a separate conditioner.

Essential Ingredients

- **Watkins Original Vanilla:** Besides adding a luxurious fragrance, Watkins Vanilla is made from the world's finest Madagascar Bourbon Vanilla Beans, which are high in naturally conditioning polysaccharides.
- **Oak Bark:** The bark of the oak tree was highly prized by ancient Celtic society for its anti-inflammatory properties. It contains as much as 20 percent natural tannins (substances found in tea and red wine) that act as a potent astringent to help seal the cuticle of the hair.
- **Bitter Orange Peel Extract:** Excellent for dry, irritated or sensitive skin, bitter orange combines relaxing and stimulating properties and is regarded as a circulatory tonic.
- **Roman chamomile:** The most potent of the chamomiles and widely used since ancient times, Roman chamomile contains high levels of alpha-bisabolol and natural flavonoids that are well-known for conditioning and softening effects. Traditionally used to add sheen and highlights to hair, and as a soothing agent for skin and scalp.
- **Sandalwood extract:** One of the earliest essential oils used by ancient peoples, sandalwood boasts at least 4000 years of uninterrupted use. Commonly used in 19th-century remedies for its cosmetic and healing properties, sandalwood oil softens the hair and is soothing to the sensitive scalp.
- **Wheat Protein:** Penetrates hair shaft, providing strength, body, manageability and luster.
