

Pain Relieving Liniment Spray

Article No. 02350 (120 mL/4 fl. oz.) (U.S. only)

The very first product formulated by J. R. Watkins in the year 1868 was our famous Liniment. More than 135 years later, Watkins introduces another innovative pain relief product in a more convenient form. This soothing spray temporarily relieves minor aches and pains of muscles and joints associated with backaches, strains, bruises, sprains, arthritic or rheumatic pain, and pain of tendons, ligaments and tired, aching muscles.

- **96.5% natural**
- **Non-aerosol pump spray:** Won't harm environment; gives more control over amount and direction of spray than an aerosol; contains over 600 sprays!
- **Spray delivery system:** Allows for convenient application.

Active Ingredients

- **Menthol 2.0% w/w:** An alcohol extracted from cornmint oil. When applied to the skin, menthol produces an intense and lasting cooling sensation that counteracts pain and is also used as an anti-pruritic. It both stimulates the nerves for perception of cold and depresses those which transmit pain.
- **Camphor 3.5% w/w:** Occurs in nature in the camphor tree, an Asian evergreen related to cinnamon. When applied to the skin, camphor produces a mild local anesthetic action (depresses some nerve endings and stimulates others). It also acts as an antipruritic, which means it relieves itching.

Other Ingredient

- **Eucalyptus Oil:** A stimulating oil with analgesic properties and a history of use in liniments.
