

## Window Cleaners

Article No. 16798 Aloe & Green Tea  
Article No. 16799 Lavender  
(710 mL/24 fl. oz.)

Make your windows sparkle with J.R. Watkins Natural Window Cleaner. This natural streak-free formula will leave your windows shining bright. For optimal natural sunlight use a premium natural window cleaner! Also works to clean mirrors, glass tabletops and other hard surfaces around the home. Gently lift away water spots, dirt and fingerprints. This coconut-based formula is tough on grime yet won't break down the bonds of plastic on window films.

- **Streak-free formula:** Leaves glass with a sparkling shine.
- **Fresh scents:** Leave your home smelling fresh and clean.

Everyday choices affect the health of our families and our environment. J.R. Watkins Premium Natural Cleaning Products feature plant-based formulas that are:

- Ammonia Free
- Animal Ingredient Free
- Benzene Free
- Biodegradable
- Bleach Free
- Boron Free
- Butyl/Ethyl Cellosolve Free
- Diethylene Ether Free
- Dye Free
- Formaldehyde Free
- Isopropanol Free
- Kerosene Free
- Mineral Spirit Free
- Never Tested On Animals
- Non-toxic
- Paraben Free
- Petrochemical Free
- Phosphate Free
- Phosphoric Acid Free
- Phthalate Free
- Propylene Glycol Free
- Sodium Lauryl Sulfate Free
- Sulfuric Acid Free

When window and glass cleaners are sprayed into the air, they release vapors that can be inhaled. Ammonia cleaners can irritate the skin, eyes and respiratory system. Minimize your family's exposure to these harmful toxins with J.R. Watkins Natural Window Cleaners.

### Tips

- Having clean windows makes your room look instantly brighter.
- Wipe away excess dirt and grime from your windowsills and framework prior to applying a window cleaner.
- Lint-Free or microfiber cloths are ideal for minimizing streaks.
- Squeegees are great tools for cleaning windows, glass or mirrors.
- If you are cleaning the insides and outsides of windows, use different cleaning strokes on each side. Wipe one side vertically and the other side horizontally so you can easily tell which side needs another wipe.
- Spray window cleaner ten inches or more away from the glass surface to help minimize streaking.
